Fitness and Nutrition

This afternoon program is a family approach to a healthy living in children. Developed in cooperation with staff from the Soundview Family YMCA, the East Shore District Health Department and Yale-New Haven Hospital, this program is a practical approach to helping create healthy lifestyle.

The goal is to promote healthy lifestyle habits through nutrition education and fitness activities.

Each Tuesday students will attend a 90 minute session at the Soundview Family YMCA in Branford which includes one hour of fun fitness and 30 minutes of nutrition instruction which includes making healthy snacks.

Your child will learn practical skills about food intake and activity levels. The program will provide opportunities for the students to use the wonderful facilities at the YMCA including the pool and climbing wall.

In order to help your child develop healthy lifestyle practices, parents will be asked to participate in some of the classes and utilize the YMCA for all its facilities and programs.
