

# State of Connecticut Department of Education Health Assessment Record

To Parent or Guardian:

In order to provide the best educational experience, school personnel must understand your child's health needs. This form requests information from you (Part I) which will also be helpful to the health care provider when he or she completes the medical evaluation (Part II).

State law requires complete primary immunizations and a health assessment by a legally qualified practitioner of medicine, an advanced practice registered nurse or registered nurse, a physician assistant or the school medical advisor prior to school entrance in Connecticut (C.G.S. Secs. 10-204a and 10-206). An immunization update and additional health assessments are required in the 6th or 7th grade and in the 9th or 10th grade. Specific grade level will be determined by the local board of education. This form may also be used for health assessments required every year for students participating on sports teams.
